

KIT⁺

A transformed world for
women and girls.

+ HEALTH + EDUCATION + LIVELIHOODS

ABOUT KIT+

KIT+ is our dedicated campaign to address gender inequality across our focus areas of health, education and livelihoods. When you sign up as a KIT+ supporter, you will be contributing to initiatives that help to boost opportunities and participation for young girls and women.

HEALTH

We are dedicated to supporting girls, women and their families in their efforts to realise better health, especially throughout adolescence and motherhood.

This means working with partners and communities to identify local issues that are linked to poor health and supporting long-term solutions that optimise women's health and well-being.

EDUCATION

At Birthing Kit Foundation Australia we believe that access to quality education is essential for women and girls' empowerment.

In collaboration with our global partners, we provide learning opportunities in response to local needs, with a focus on women and girls' participation and leadership.

LIVELIHOODS

Sustainable livelihoods can improve women's health and well-being, provide financial support to a woman's family and create opportunities for empowerment.

We are currently exploring opportunities to work with our global partners to develop financial and entrepreneurial initiatives that support employment for young girls and women.

KIT+ SUPPORTER OPTIONS

A close-up photograph of a person's arm and hand as they write on a dark chalkboard. The person is using a piece of chalk to write the letters 'a', 'b', 'c', 'd', 'e', and 'f' in white chalk. The chalkboard has other faint markings and text visible, including 'END TERM III EXAMS' and 'abcd'.

+ STORIES OF CHANGE

Dullassa, Ethiopia

54% of students learning from educators in the Dullassa community are female. Literacy class is becoming the sanctuary and forum for females to find support in practicing and developing change.

"In some classes, girls who are resisting early marriage share their thoughts and issues during these sessions. Through literacy, the community is developing a conscience on protecting females from harm"

- Teacher, Damaa'a Dora
